Partnering with the Jefferson County Community to educate, cultivate and facilitate the compassionate CARE of all companion animals.

CARE aka COMPANION ANIMAL RESCUE & EDUCATION is Jefferson County's only open admissions animal shelter. We are a registered non-profit organization working collaboratively with the county's animal control officers. No Jefferson County companion animal is refused our help. No animals are left to fend for themselves out in the harsh environment. We are committed to finding homes for the animals at CARE. We promote and support spay/neuter as a solution to the high intake of puppies and kittens at our shelter. Of course, we are constantly FULL! With average intake approaching 300 animals a month, we anticipate a yearly intake of 3500 animals. This is an awesome, sometimes almost overwhelming, commitment. Although CARE is partially county funded that alone isn't enough to keep our doors open. Without the support of the community and your generous donations our doors would close. We depend upon the community for financial and in-kind support, volunteer help, animal fostering and good will.

The Humane Society of Jefferson County (HSJC) is a private non-profit 501(c)(3), limited intake, no-kill organization governed by a volunteer board of directors and dedicated staff, HSJC operates and relies exclusively on private donations and grants. HSJC does not serve any government contracts nor receive funding through tax revenues. As a private rescue, HSJC is able to assist other non-profit animal rescues/shelters in East Tennessee by transporting animals to our adoption center. This helps reduce over-crowding, stress, and sickness and allows more animals to find homes. HSJC hopes to continue growing with the help of donations and grants to continue providing humane treatment and care for animals of East Tennessee. Donations are greatly appreciated and are used to rescue, treat, transport, and enhance the quality of life for all animals in our care that are waiting for their forever homes.
