Tennova Healthcare's Mammogram Special at Six Convenient Locations in East Tennessee

Women receive special pampering and a complimentary beverage when they schedule a screening mammogram

KNOXVILLE, TN (September 11, 2019) – October is National Breast Cancer Awareness Month—the perfect time to discuss the importance of early detection. Tennova Healthcare is spreading the word about mammograms and encouraging women to get screened for the breast cancer.

Tennova is offering a Mammogram Special at six locations in East Tennessee. Bring your mom, daughter, sister or a female friend to one of the following locations between 8:00 a.m. and 4:00 p.m., and you will also enjoy special pampering and a

October 2	North Knoxville Medical Center, 7565 Dannaher Drive, Powell
October 8	Turkey Creek Medical Center, 10820 Parkside Drive, Knoxville
October 15	Newport Medical Center, 435 Second Street, Newport
October 17	LaFollette Medical Center, 923 East Central Avenue, LaFollette
October 22	Jefferson Memorial Hospital, 110 Hospital Drive, Jefferson City
October 24	Tennova South, 7323 Chapman Highway, Knoxville

Appointments are required. To schedule your screening mammogram, call 865-545-7771 or toll-free at 866-645-7771.

One in eight women will be diagnosed with breast cancer in her lifetime. Breast cancer is the second-leading cause of cancer-related death among women in Tennessee. Although the causes of breast cancer are still unknown, there are many factors including advancing age and family history that may increase someone's risk for breast cancer.

"Mammograms save lives," said Janine Mingie, director of the Tennova Breast Centers at North Knoxville Medical Center and Turkey Creek Medical Center. "Today, thanks to early detection and treatment advances, women are surviving breast cancer and living longer, healthier lives."

For women of average risk, the American College of Radiology and Society of Breast Imaging recommend annual screening mammograms beginning at age 40. Different guidelines apply to women at higher risk. A screening mammogram can help detect breast cancer in its earliest and most treatable stages.

"The fact is that mammography is the best tool available to screen for breast cancer," Mingie said. "At present, there are no tests to replace mammography."

Tennova Healthcare offers breast imaging services including digital mammography at North Knoxville Medical Center, Turkey Creek Medical Center, Jefferson Memorial Hospital, LaFollette Medical Center, Newport Medical Center and Tennova South.

For more information or to find a doctor, call 1-855-TENNOVA (836-6682) or visit Tennova.com.

Screening mammograms are covered by most health insurance plans. Appointments are on a first-come, first-served basis. An order from a physician is not required, but the patient must provide a physician/provider name when an appointment is made. If the patient does not have a physician/provider, a list will be provided for the patient's selection. All mammogram reports will be sent to the physician/provider and follow-ups are the responsibility of the patient.

Partnering with the
Jefferson County
Community to educate,
cultivate and facilitate
the compassionate
CARE of all companion
animals.

- 310 Landfill Rd
Jefferson City, 37760
- P O Box 1791
Dandridge 37725
- 865-471-5696

CARE aka COMPANION ANIMAL RESCUE & EDUCATION is Jefferson County's only open admissions animal shelter. We are a registered non-profit organization working collaboratively with the county's animal control officers. No Jefferson County companion animal is refused our help. No animals are left to fend for themselves out in the harsh environment. We are committed to finding homes for the animals at **CARE**. We promote and support spay/neuter as a solution to the high intake of puppies and kittens at our shelter. Of course, we are constantly FULL! With average intake approaching 300 animals a month, we anticipate a yearly intake of 3500 animals. This is an awesome, sometimes almost overwhelming, commitment. Although **CARE** is partially county funded that alone isn't enough to keep our doors open. Without the support of the community and your generous donations our doors would close. We depend upon the community for financial and in-kind support, volunteer help, animal fostering and good will.

The Humane Society of Jefferson County is **your** No-Kill animal shelter.

The Humane Society of Jefferson County practices the five freedoms for all animals in our care:

FREEDOM FROM HUNGER AND THIRST by ready access to fresh water and diet to maintain health and vigor.

FREEDOM FROM DISCOMFORT by providing an appropriate environment including shelter and a comfortable resting area.

FREEDOM FROM PAIN, INJURY OR DISEASE by prevention or rapid diagnosis and treatment.

FREEDOM TO EXPRESS NORMAL BEHAVIOR by providing sufficient space, proper facilities and company of the animal's own kind.

FREEDOM FROM FEAR AND DISTRESS by ensuring conditions and treatment which avoid mental suffering.

The Humane Society of Jefferson County (HSJC) is a private non-profit 501(c)(3), limited intake, no-kill organization governed by a volunteer board of directors and dedicated staff. HSJC operates and relies exclusively on private donations and grants. HSJC does not serve any government contracts nor receive funding through tax revenues. As a private rescue, HSJC is able to assist other non-profit animal rescues/shelters in East Tennessee by transporting animals to our adoption center. This helps reduce over-crowding, stress, and sickness and allows more animals to find homes. HSJC hopes to continue growing with the help of donations and grants to continue providing humane treatment and care for animals of East Tennessee. Donations are greatly appreciated and are used to rescue, treat, transport, and enhance the quality of life for all animals in our care that are waiting for their forever homes.
